What did you like most about this course and/or the instructor's teaching?

Instructor is very helpful, understands the content well & can explain in a different way when asked to. Liked how the textbook complemented the class and that I could easily find it for... "cheap" Many of my professors record lectures so they can be rewatched, I was a bit nervous when this was not the case but a combination of my notes, published class notes, the textbook, and the professors accessibility made recorded lectures unnecessary.

~~What about this course and/or the instructor's teaching needs change or improvement?~~

Wish I could also learn to program from this professor!

Additional comments:

I wish I had consistently read the textbook before coming to class
