What did you like most about this course and/or the instructor’s teaching?

Instructor is very helpful, understands the content well & can explain in a different way when asked.
I liked how the textbook complemented the class and that I could easily find it for... “cheap.”
Many of my professors record lectures so they can be re-watched.

What about this course and/or the instructor’s teaching needs change or improvement?

Accessibility made recorded lectures unnecessary.

Wish I could also learn to program from this professor.

Additional comments:
I wish I had consistently read the textbook before coming to class.
